

Vacancy: Reserving Actuary

Skuld is seeking a Reserving Actuary for our Enterprise Risk Management and Actuarial department. In this role, you will be part of a highly skilled team with excellent opportunities for professional development.

Main tasks and responsibilities

- Calculate technical provisions
- Assess data quality
- Assist the regulatory reporting function
- Assist in the production of the ORSA
- Provide analytical support to Skuld's business units
- Provide technical input to projects
- Contribute to the validation of Skuld's internal Solvency II model

Qualifications and qualities

We are seeking a candidate who has:

- Higher quantitative education within actuarial sciences
- A minimum of 3 – 5 years' relevant work experience would be beneficial
- Extended knowledge of Solvency II requirements
- Good programming skills, preferably in R
- A good business understanding
- Cross functional collaboration skills, across finance, underwriting and claims functions
- Excellent communication and presentation skills
- A desire and ability to continuously develop competence
- Strong English language skills

Living our values, you are:

- **Accurate** – you never compromise on precision, reliability and quality
- **Bold** – you take part in transforming our industry to future challenges
- **Caring** – you care for our customers, our people and our business
- **Dedicated** – you go the extra mile and are a good Skuld ambassador

We can offer:

We offer an international and challenging position with excellent opportunities for work and personal development and with competitive benefits.

This is an opportunity to join a diversified marine insurer. Through our main marine insurance platforms of Skuld P&I, Skuld Marine Agency and Skuld 1897, a syndicate at Lloyd's, Skuld caters the needs of shipowners, the offshore and energy sector, charterers and traders, ports and terminals, cargo and the superyacht community.

Skuld has a strong financial position and around 260 highly skilled employees worldwide with offices in Oslo, Bergen, Copenhagen, Hamburg, Hong Kong, London, New York, Piraeus and Singapore.
